CALCUTTA, THE 7TH AUGUST 1931.

RESOLUTION—No. 3219F.

After careful consideration of the financial position of this Presidency the Governor in Council and acting with his Ministers has decided that the scales of pay of the services and posts the conditions of whose service are determined by the Government of Bengal shall, as far as future recruits are concerned, be reviewed with the object of bringing them into conformity with existing conditions. As this will necessarily take a considerable time to accomplish and as the necessity for reducing provincial expenditure is immediate and imperative, he has further decided that, pending a final decision as to the scales of pay to be adopted in future—

(1) all appointments to vacancies occurring in these services and posts, after the 21st July 1931, shall be made on a provisional basis;

(2) the pay of any person not already holding a substantive appointment under Government, who is appointed to fill such a vacancy, shall be fixed and shall be the initial pay of the vacant post on the present sanctioned scale less 15 *per centum*, except in posts of which the initial pay is less than Rs. 80 a month, provided that the pay to be drawn after the said reduction in a post of which the initial pay is not less than Rs. 80 a month shall not be less than Rs. 80 a month;

(3) an officer already holding a substantive appointment under Government appointed to any such vacancy shall be entitled to the pay admissible to him under the existing rules

less 15 *per centum*, provided that the pay admissible to him after this reduction shall not be less than the pay of his substantive appointment; and

(4) officers provisionally appointed to vacancies under these orders shall retain a lien on their substantive appointment, if any.

All authorities competent to make appointments are requested to make clear to the persons whom they propose to appoint the purport of these orders, in particular that persons so appointed under this provisional arrangement will, subject to any reductions in establishment which may hereafter be ordered and to them displaying fitness for confirmation in Government service, be entitled to the benefit of the conditions in respect of pay and allowances which Government hereafter decide to apply to the service or establishment to which they have been provisionally appointed under these orders.

2. Nothing in these orders shall apply to Police establishment, whether permanent or temporary, enrolled under the Police Act, or to head warders and warders of all grades (including female warders) in the Jail Department.

3. For purposes of audit the following certificate shall in future be attached to all establishment bills:—

Certificate.

Certified that the rates of pay drawn in this bill are those which have been arrived at after reducing the rates admissible under the rules in force prior to 21st July 1931 to the extent laid down in the Bengal Government Resolution No. 3219F., dated the 7th August 1931.

GOVERNMENT OF BENGAL.

Legislative Department.

NOTIFICATION.

No. 2467L.—6th August, 1931.—In pursuance of the provisions of rule 20 of the Bengal Legislative Council Rules, 1920, the following Bill which was introduced in the Bengal Legislative Council on the 24th July, 1931, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto:—

THE CALCUTTA MUNICIPAL (AMENDMENT) BILL, 1931.

A

BILL

to amend the Calcutta Municipal Act, 1923.

Preamble.

WHEREAS it is expedient to amend the Calcutta Municipal Act, 1923, in the manner hereinafter appearing so as to redistribute the areas of Wards Nos. 28 and 29 with a view to equalize the areas of the said Wards;

It is hereby enacted as follows:—

Short title.

1. This Act may be called the Calcutta Municipal (Amendment) Act, 1931.

Commencement.

2. It shall come into force on such date as the Local Government may, by notification in the *Calcutta Gazette*, direct.

Amendment of Schedule VII.

3. (*i*) In Schedule VII, column 3, against Ward No. 28, for the expression "Narikeldanga Main Road" the expression "Maniktola Main Road" is to be substituted.

(*ii*) In Schedule VII, column 4, against Ward No. 29, for the expression "Narikeldanga Main Road" the expression "Maniktola Main Road" is to be substituted.

STATEMENT OF OBJECTS AND REASONS.

The Bill is intended to remove the difficulties that the residents of Ward No. 29 feel in having their needs being attended to by one elected Councillor. It follows as a matter of consequence that it is impossible for one Councillor to attend to the needs of residents of such a large area. It will be remembered that under the old Maniktola Municipality there were three Wards Nos. 1, 2 and 3 which, after its amalgamation with the Corporation of Calcutta under the new Calcutta Municipal Act of 1923, were reconstituted into two Wards, Nos. 1 and 2 of the old Municipality being practically reformed as Ward No. 29 under the new constitution. The result has been that while the old Ward No. 3 of the old Maniktola Municipality with its lesser area and lesser number of voters has been given two elected Councillors, Ward No. 29, which was originally Wards Nos. 1 and 2 of the old Maniktola Municipality, with its larger area and greater number of voters has been given only one elected Councillor. The amendment proposed only aims at the removal of the several difficulties of the said Ward by suggesting that a portion from the southern side of Ward No. 29, as indicated in the amendment, will be transferred to Ward No. 28, while the said latter Ward will retain its two elected seats. And it will remove a portion of the congestion of Ward No. 29 and will leave the affairs of the ratepayers of the said Ward at whose instance the Bill is being introduced in the Council to be properly looked after by one elected Councillor.

NOTIFICATION.

No. 2468 L.—6th August, 1931.—In pursuance of the provisions of rule 20 of the Bengal Legislative Council Rules, 1920, the following Bill which was introduced in the Bengal Legislative Council on the 24th July, 1931, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto :—

THE BENGAL TENANCY (AMENDMENT) BILL, 1931.

A
BILL

further to amend the Bengal Tenancy Act, 1885, as amended by the Bengal Tenancy Amendment Act (Bengal Act IV of 1928).

Preamble.

WHEREAS it is expedient further to amend the Bengal Tenancy Act of 1885 as amended by the Bengal Tenancy Act of 1928 in the manner hereinafter appearing ;

AND WHEREAS the previous sanction of the Governor General under sub-section (*3*) of section 80A of the Government of India Act has been obtained to the passing of this Act; (5 & 6 Geo. V. c. 61 ; 6 & 7 Geo. V. c. 37 ; 9 & 10 Geo. V. c. 101.)

It is hereby enacted as follows :—

Short title and commencement.

1. (*1*) This Act shall be called the Bengal Tenancy (Amendment) Act, 1931.

(*2*) It shall come into force at once.

Amendment of section 148 of Act VIII of 1885.

2. In section 148 after the words " suits for the recovery of rent " the words " and for enhancement of rent " shall be added.

Amendment of section 148.

3. In section 148, clause (*h*), after the words " notwithstanding anything contained in rule 4 (*3*) of Order XXXII in Schedule 1 to the Code of Civil Procedure, 1908, the Court may serve on the natural guardian of a minor defendant in a suit for arrear of rent " the words " and for enhancement of rent and in execution proceedings of such decrees " shall be added.

Amendment of section 148.

4. To section 148 the following sub-section be added after (*h*) : —

" (*hh*) The Court may, in addition to the service of the notice mentioned in sub-section (*h*), issue a registered post-card upon the natural guardian of the minor defendant and the cost of such registered post-card shall be paid by the plaintiff."

STATEMENT OF OBJECTS AND REASONS.

Under the provisions of the Bengal Tenancy Amendment Act IV of 1928 a natural guardian may be appointed as guardian *ad litem* of a minor defendant in a rent suit even if he does not appear before the Court and give his assent to such appointment. The result is that the parties are not saddled with further cost in the shape of a guardian fee which ultimately devolves upon the tenant; for some time this procedure was followed in execution of rent decrees and in suits for enhancement of rent. But by a letter No. 28G., dated the 3rd January, 1930, addressed to the District Judge of Jessore, the Registrar of the Hon'ble the High Court directed that guardian fees shall be payable in execution of rent decrees and in suits for enhancement of rent. This is anomalous. If guardian fee is not payable for obtaining a rent decree it should not be payable for executing the decree. A suit for enhancement of rent is necessarily a rent suit as it is brought under the provisions of the Bengal Tenancy Act. Hence if guardian fee is not payable in rent suits it should not be payable in suits for enhancements of rent. Moreover, it ultimately devolves upon the poor tenant as an additional burden.

To remove this anomaly and this hardship this amendment has been brought.

NOTIFICATION.

No. 2469L.—6th August, 1931.—In pursuance of the provisions of rule 20 of the Bengal Legislative Council Rules, 1920, the following Bill which was introduced in the Bengal Legislative Council on the 24th July, 1931, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto :—

THE BENGAL PATNI SALE LAW (AMENDMENT) BILL, 1931.

A

BILL

further to amend the Patni Sale Law, Regulation VIII of 1819.

Preamble.

WHEREAS it is expedient to amend the Patni Sale Law, Regulation VIII of 1819, in the manner hereinafter appearing so as to facilitate the annulment of patni sales as can be done in Civil Court sales, rent sales and certificate sales ;

AND WHEREAS the previous sanction of the Governor General under sub-section (3) of section 80A of the Government of India Act has been obtained to the passing of this Act ;

5 & 6 Geo. V. c. 61 ; 6 & 7 Geo. V. c. 37 ; 9 & 10 Geo. V. c. 101.

It is hereby enacted as follows :—

Short title.

1. This Act may be called the Bengal Patni Sale Law Regulation (Amendment) Act, 1931.

Insertion of new section 14A.

2. After section 14 of the said Regulation, the following section shall be inserted :—

Deposit in Court by persons interested.

" 14A. (*1*) It shall also be competent for any person either owning property or holding an interest therein by virtue of a title acquired before such sale to apply to the Collector holding such sale within thirty days from the date of sale to have the sale annulled on his depositing in Court—

(*a*) a sum equal to five per cent. of the purchase money and in no case less than one rupee for payment to the purchaser ;

(*b*) full amount of the sum taken or to be taken out of the purchase money by the zamindar concerned, and

(*c*) a sum equal to one per cent. of the net proceeds realised by the sale to meet the Government demand under section 17, second clause ;

and the Collector on being satisfied of such deposits shall order setting aside the sale.

(*2*) Notwithstanding anything contained above the Collector holding any patni sale may entertain an application under section 14A after the expiry of the time mentioned therein if there are reasonable grounds for so doing."

Amendment of section 15.

3. After the words " under this regulation " in the first paragraph of the first section 15, the following words shall be inserted, " but not before expiry of the 40th day from the date of the sale."

STATEMENT OF OBJECTS AND REASONS.

Provision has been made in the Civil Procedure Code, the Bengal Tenancy Act and in the Public Demands Recovery Act for setting aside sales held under the provisions of those Acts by deposits within 30 days from the date of any sale. These provisions have been working well and are being largely availed of by persons affected in those sales. No such provision, however, has yet been made in cases of sales under the Bengal Patni Sale Law, Regulation VIII of 1819.

The intention of this Bill is to provide facility for annulling sales held under the Bengal Patni Sale Law, Regulation VIII of 1819, by depositing the full amount of dues claimed by the zamindars concerned together with sums equal to five per cent. of the purchase monies but in no case less than one rupee for the purchaser and one per cent. under section 17 within 30 days from the date of the sales as can be done in the civil Court sales, rent sales and certificate sales.

Opportunity has been taken for amendment of section 15 of the Regulations for avoiding difficulties for smooth work.

NOTIFICATION.

No. 2470L.—6th August, 1931.—In pursuance of the provisions of rule 20 of the Bengal Legislative Council Rules, 1920, the following Bill which was introduced in the Bengal Legislative Council on the 24th July, 1931, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto :—

THE BENGAL MUNICIPAL (AMENDMENT) BILL, 1931.

A BILL

further to amend the Bengal Municipal Act, 1884.

Preamble. WHEREAS it is expedient further to amend the Bengal Municipal Act, 1884, in the manner hereinafter appearing ; Bengal Act III of 1884.

It is hereby enacted as follows :—

Short title and commencement. **1.** (*1*) This Act may be called the Bengal Municipal (Amendment) Act, 1931.

(*2*) It shall come into force on such date as the Local Government may, by notification in the *Calcutta Gazette*, direct.

Amendment of Section 15. (*3*) In the proviso to section 15, line 1 of the Bengal Municipal Act, 1884, after the words " every male," the words " and every female " shall be added.

STATEMENT OF OBJECTS AND REASONS.

By notification No. 11762A., dated the 7th October, 1925, published in the *Calcutta Gazette*, dated the 15th October, 1925, Part I, page 1606, the Governor in Council, in pursuance to a Resolution passed by the Bengal Legislative Council, on the 19th August, 1925, recommending that the sex-disqualification for registration on the electoral rolls be removed, made the following regulations :—

1. (*1*) This regulation may be called " The Bengal Electoral Sex-disqualification Removal Regulation."

(*2*) It shall come into force at once.

2. Notwithstanding anything contained in rule 7 of the Bengal Electoral Rules no women shall be disqualified for registration on the electoral roll of any constituency specified in Schedule I to the said rules by reason only of her sex.

The Calcutta Municipal Act, 1923 (Bengal Act No. III of 1923) also removed the sex-disqualification for registration on the electoral roll of the Calcutta Corporation.

The object of this Bill is to remove sex-disqualification in municipalities administered under the Bengal Municipal Act, 1884. It is inconsistent that females should exercise votes in the Bengal Legislative Council elections both in the urban and rural areas while they will be deprived of exercising their franchise in the municipal elections. It is with a view to remove this anomaly that this Bill has been introduced so that sex-disqualification alone may not be a bar to the exercise of franchise by the women-folk living within municipal limits.

NOTIFICATION.

No. 2473 L.—6th August 1931.—In pursuance of the provisions of rule 20 of the Bengal Legislative Council Rules, 1920, the following Bill which was introduced in the Bengal Legislative Council on the 24th July, 1931, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto:—

THE BENGAL VILLAGE SELF-GOVERNMENT (AMENDMENT) BILL, 1931.

A

BILL

further to amend the Bengal Self-Government Act, 1919.

Preamble. — WHEREAS it is expedient further to amend the Bengal Village Self-Government Act, in the manner hereinafter appearing; (Ben. Act V of 1919.)

It is hereby enacted as follows:—

Short title and commencement. — **1.** (*1*) This Act may be called the Bengal Village Self-Government (Amendment) Act, 1931.

(*2*) It shall come into force on such date as the Local Government may, by notification in the *Calcutta Gazette*, direct.

2. After sub-section (*f*) of section 31 of the Bengal Village Self-Government Act, 1919, the following sub-section shall be added:—

New section 31(*g*). — "(*g*) may undertake small irrigation projects."

Amendment of section 32. — **3.** Section 32 of the said Act shall be renumbered as sub-section (*1*) of section 32 and to that section as renumbered the following sub-section shall be added, namely:—

"(*2*) The union board may, subject to any rules made under section 101, make grants to public libraries, reading rooms and dispensaries under public or private management."

Amendment of section 45. — **4.** In line 1 of section 45 in place of the word "may" the word "shall" shall be substituted.

Amendment of section 56(*1*). — **5.** In line 7 of section 56(*1*), after the word "may" the words "with the approval of the Local Government" shall be added.

STATEMENT OF OBJECTS AND REASONS.

The Bill has been framed at the instance of several public bodies who keenly felt the necessity of such amendments. The amendments of section 31 and section 45 were urged at the Conference of the Presidents of Union Boards held at Chinsurah under the presidency of Mr. A. S. Larkin, I.C.S., Magistrate and Collector of Hooghly. For want of a permissive clause to undertake small irrigation projects, union boards could not take them up even if they succeeded in raising funds for the purpose.

As to the amendment of section 45 the concensus of opinion at the conference was that the District Boards should contribute their *quota* to union boards as funds permitted and it should not be left to chance or to individual likes or dislikes.

The amendment of section 32 will remove a legal bar and enable the union boards to grant aids to libraries and reading rooms if they feel inclined to do so.

The amendment of section 56(*1*) will help to remove a long-felt grievance of union boards. They think that the removal of the President or the supersession of union boards were serious matters which should have the approval of the Local Government.

In view of the importance of the amendments, it is hoped that the Council will extend its support to the Bill.

	(b) Rs. 12 per mensem ..	4

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to supplement the income of the municipalities in Bengal by the levy of a tax on the trades, professions and callings which have hitherto remained untapped. The financial condition of most of the municipalities in Bengal are far from satisfactory. The rate-payers had been the subject of increased taxation from time to time during the general assessments but still they are inadequate to meet the growing sanitary needs of the municipalities which necessitate the exploration of other avenues of income. Great care has been taken in preparing the schedule of taxes so that it might not affect the small capitalists, traders and professional men. Only those who have got the paying capacity have been moderately taxed. The Calcutta Municipal Act of 1923 provides for such taxation and the Bengal Municipal Bill, 1925, sponsored by the late Maharaja Kshaunish Chandra Ray also proposed to levy such taxes.

In view of the financial stringency of most of the municipalities in Bengal, it is hoped that this Council will extend its sympathy and support to the Bill.

And in the said sub-section for the words "section 110," the words "sections 107, 108 and 110" shall be substituted.

The proviso of section 322 shall be deleted.

24. After the word "disputed" in the first paragraph of section 361 the following shall be inserted :—

"or if the owner fails to pay his taxes for twelve consecutive quarters."

STATEMENT OF OBJECTS AND REASONS.

1. The amendment of the Bengal Municipal Act (No. III of 1884) is long overdue. A Bill to consolidate and amend the law relating to municipalities in Bengal was prepared in 1923 by the late Hon'ble Sir Surendra Nath Banerjea, KT., then Minister-in-charge of the Local Self-Government Department, and circulated for eliciting public opinion thereon; but owing to the opposition of a certain group of members of the Council, the Bill could not be passed. Since then no serious attempt appears to have been made to bring forward another Bill although the necessity of amending the present Act was emphasised on more than one occasion by those interested in the administration of urban Bengal. The present Bill aims at removing certain defects and disabilities in the working of Act III of 1884 which has practically become out of date. Alterations have been suggested and insertion of certain new provisions proposed without sacrificing the principle on which the present Act is based. With the growth of civic consciousness among the people, it has become imperative to bring the law into line with modern requirements. The amendments proposed are calculated to obviate some of the difficulties in the administration of municipalities in this Province and will, I hope, meet with universal approval.

2. Section 20 of the Act provides for the removal of Commissioners by the Commissioner of the Division on certain grounds. But there is no provision whereby a Municipal Commissioner can be removed for default in the payment of the taxes due from him. A new clause has, therefore, been inserted to make good this omission.

3. A proviso has been added to section 26 empowering the Local Government to appoint a new body of Commissioners to carry on administration in the event of the elected Commissioners of a municipality being unseated by an order of a competent Court of law. In this connection a reference is invited to Case No. 802 of 1925 (Bhubanmohan Basak and others *versus* Chairman of Dacca Municipality) in the Court of Babu Panna Lal Bose, Munsiff, Fourth Court, Dacca.

4. Section 26A lays down that the Chairman and Vice-Chairman of every municipality shall resign office at the first effective meeting of the reconstituted body of Commissioners before a new Chairman and a Vice-Chairman are elected. This gives rise to complications in cases where the Chairman and Vice-Chairman fail to submit their resignations. The election of Chairman and Vice-Chairman of the Municipality of Dacca on August 9, 1930, is an instance in point. Provision has, therefore, been made that if the Chairman and Vice-Chairman fail to resign, they shall be deemed to have automatically vacated their respective offices.

5. Owing to an abnormal increase in motor traffic in recent years, it has become difficult for the local bodies to maintain their roads in proper condition. The existing laws do not empower the municipalities to levy any tax upon motor cars, bicycles, etc. Taxation of such vehicles has been proposed in the Bill by amending sections 86 and 131 of the Bengal Municipal Act.

6. Sometimes it is found that some portion of a holding, which has been exempted from assessment under section 98, is used for purpose other than those for which remission of taxes was granted. It is, therefore, proposed to so amend it as to make only those holdings eligible for assessment which are used for charitable purposes.

7. Section 103 is proposed to be amended so as to avoid any dispute which may arise at the time of the general reassessment of holdings. (*Vide* Privy Council case Bhubanmohan Basak *versus* Chairman, Dacca Municipality, 33 Calcutta Weekly Notes, page 1039.)

8. To make section 105 consistent with section 121, an amendment of the former is suggested. This will remove the difficulty in realising taxes particularly from the female owner of a rented holding whose whereabouts are unknown and whose movable property is not sufficient to cover the taxes due.

9. In certain municipalities there are old and dilapidated buildings, the owners whereof are unable to repair or rebuild them owing to poverty. In some cases, the owner is compelled to dismantle the whole or part of the building to avoid accidents. Section 107 is proposed to be so amended as to make reduction or remission of taxes possible in such circumstances.

10. To make provision for the amalgamation and the splitting up of holdings, an amendment to section 108 is suggested. The Government circular on the subject prohibits separation of taxes until another reassessment.

11. Sometimes it so happens that a holding is disposed of by its owner without payment of the taxes due from him under section 109. The arrear taxes cannot also be realised from the purchaser. The municipality has thus no other option than to write off the arrear taxes. In order to avoid this difficulty, the amendment of the section is considered necessary.

12. Section 113 is proposed to be amended, so that no ratepayer may apply for review of his application under section 106. But provision has been made for appeal against an order under section 107.

13. To simplify the work of the Collection Department, amendment of section 120 is proposed in order to legalise the service of the notice of demand for two or more quarters in one bill.

14. The period of three months for execution of distress warrant as laid down in section 121 is too short, it is proposed to be increased to six months for facility of collection work.

15. Under Form C of the Fourth Schedule, a collecting sarkar cannot realise any warrant fees if the amount is paid before the actual seizure of articles. A penalty should be imposed if once distress warrant is issued, otherwise no useful purpose is served by the issue of such warrant.

16. By amending section 129, it is intended to make the arrear municipal taxes the first charge upon the holding for which the taxes are due. The absence of any such provision sometimes causes great financial loss to a municipality if the holding is mortgaged and is put up to auction sale by the creditor. In such circumstances, the municipal taxes are to be written off as irrecoverable.

17. The amendment of section 131 has reference to that of section 86. The question has been dealt with in paragraph 5.

18. The amendment of the Fifth Schedule is suggested in conformity with the amendment of sections 86 and 131.

19. The amendment of section 169 will make "taxes, rents or other municipal dues" realisable as in the case of tolls with the assistance of Police officers when required.

20—23. Sub-section (*3*) of section 279, sub-section (*1*) of section 322 and sections 323 and 324 are proposed to be amended so as to make the owner responsible for the collection of water and latrine rates from the occupier along with the rent of the holding, as under the proviso of the existing sections, the taxes cannot be recovered from the occupier if he vacates the holding suddenly.

In the proviso of section 322, the question of remission of privy tax in respect of shops having no privy is redundant, as section 321 fully empowers the Municipal Commissioners to realise privy tax with reference to the annual value of holdings containing dwelling houses or privies (*vide* page 1027 of the Calcutta Weekly Notes, Vol. 19). The deletion of the proviso is, therefore, suggested.

24. Difficulties are often experienced in realising taxes by civil suits which involve delay. By amending section 361, the municipality will have the power to recover promptly the arrears of taxes without taking recourse to civil suits.

First Forecast of the cotton crops of Bengal, 1931-32.

(NOTE.—On an average of the five years ending 1929-30, the area under the cotton crops in Bengal has represented some 0·2 per cent. of the total area under cotton in India.)

There are two crops, early and late. The "early" crop is chiefly grown in the Chittagong Hill Tracts and in the Tripura State and to a small extent in other districts. The "late" crop is grown in Bankura and Midnapore. As the late crop has not yet been sown, this forecast deals only with the early crop.

Character of the season.—In Bankura, Mymensingh and the Tripura State the weather was not favourable at sowing time for insufficient rainfall. In Mymensingh and the Tripura State subsequent conditions were not favourable for germination and growth owing to heavy rain in the former and to insufficient rain in the latter. In the Chittagong Hill Tracts, also, the growth was hampered owing to the fact that the paddy plants have outgrown the cotton plants. The state of the crop at present is not favourable, on the whole.

Area sown.—The area sown is reported to be 74,312 acres this year as against 76,812 acres reported in the corresponding forecast of last year, since revised to 76,207 acres. The decrease in area is reported to be due to slump in the market.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 8th August 1931.

First Forecast of the Sugarcane Crop of Bengal, 1931-32.

(NOTE.—On an average of the five years ending 1929-30, the area under sugarcane in Bengal has represented some 7·1 per cent. of the total area under sugarcane in British India.)

Character of the season.—Good rainfall in February was sufficient for the preparatory tillage and for planting of the crop which generally commenced in the normal time. In March and April defective rainfall, however, proved somewhat unfavourable to the germination and growth especially in some West Bengal districts. Subsequent conditions are reported to have been generally favourable except in parts of Mymensingh where heavy rain has affected the growth. The outlook at present is reported to be favourable, on the whole

Area planted.—The total area planted with sugarcane for the Province is reported to be 200,300 acres this year as against 195,500 and 198,500 acres reported in the corresponding and final forecasts of last year, but I consider that, in view of the diminished area under jute, the area of sugarcane cannot be less than 275,000 acres.

I. **Character of the season.**—During the month under review, the rainfall was above the normal in all the districts of the Province, more especially in Rangpur, Bakarganj, Chittagong and the Cooch Behar State. The usual rainfall statement is appended.

II. **Progress of agricultural operations.**—Transplantation of winter paddy seedlings and harvesting of autumn paddy and jute were progressing except in parts of North Bengal where heavy rain was retarding the operations.

III. **State of standing crops.**—The condition of standing crops was reported to be satisfactory except in the waterlogged tracts of East and North Bengal where their growth was affected.

IV. **Prospects and probable outturn.**—The outturn of summer til is estimated at about 70 per cent. of the normal. The prospects of standing crops were not promising in parts of East and North Bengal owing to excessive rain.

V. **Damage to standing crops.**—Damage to jute and autumn paddy by heavy rain and flood is reported from East and North Bengal districts. Damage by hailstorm is also reported from parts of Dacca and Rangpur.

VI. **Condition of agricultural stock.**—The condition of live-stock was, on the whole, fair. Stray cases of cattle-disease, however, were reported from ten districts of the Province and from the States of Cooch Behar and Tripura.

VII. **Failure of pasturage and fodder.**—The supply of fodder was reported to be sufficient throughout the Presidency.

VIII. **Prices of food-grains.**—During the second fortnight of the month, the retail prices of common rice of the cheapest quality rose in six districts, fell in seven and remained stationary in the rest of the Presidency. The prices ranged from 7¼ seers per rupee in the 24-Parganas to 13¾ seers per rupee in Midnapore.

IX. **Condition of agricultural population.**—The condition of agricultural population is not satisfactory owing to fall in the prices of jute and other staples. Distress continues to prevail in parts of Nadia, Murshidabad, Dinajpur, Rangpur, Bogra and Pabna where distribution of agricultural loans and test relief works are being continued. Damage done by flood is being investigated in collaboration with district officials and remedial measures are being applied wherever necessary.

Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. No. 3820Pl.—27th August 1931.—In exercise of the powers conferred by section 8 of the Identification of Prisoners Act, 1920 (XXXIII of 1920), the Governor in Council is pleased to make the following rules to regulate the taking of measurements and photographs of convicts and other persons, namely :—

Rules.

1. **Taking of photographs.**—No Magistrate shall order a photograph of a convict or other person to be taken by the police for the purposes of the Identification of Prisoners Act, 1920, unless he is satisfied that such photograph is required for circulation to different places, or for showing it, for the purpose of identification, to a witness who cannot easily be brought for a test identification to the place where the investigation is proceeding, or that the photograph is required to be preserved as a permanent record.

2. **Place for taking measurements and photographs.**—Measurements and photographs shall invariably be taken in or alongside the court police office, or inside a police-station or a jail, and in no case shall they be taken in view of the public.

3. **Manner in which photographs are to be taken.**—Photographs shall be taken of the head and shoulders only with full face and profile, in quarter-plate size.

4. **Finger prints.**—Measurements of finger prints shall be taken in the following manner, namely:—

(1) The "rolled" prints of the right hand shall be taken first, each finger being inked and impressed before the next finger in rotation is linked. When the "rolled" prints of the right hand have been taken, the operator shall take the "plain" prints of the four fingers of that hand simultaneously. When the right hand has been finished, the operator shall proceed to take the prints, "rolled" and "plain," of the left hand in a similar manner. The "rolled" prints shall show the complete contour of the bulbs of the fingers. The impressions of the upper phalanx of fingers only shall appear.

(2) If any finger is missing, or is so deformed that it is impossible to obtain an impression, the fact shall be noted in ink in the space allotted for that finger by the word "missing" or "deformed." In the case of double fingers, the prints of both fingers shall, if possible, be taken; and if this is not possible, then the print of the more prominent of the two fingers shall be taken.

(3) Impressions shall be taken with printers' ink.

(4) A "rolled" print shall be obtained by first inking the bulb-surface of the finger between the boundaries of the nail and then lightly rolling the inked finger over on to the paper once, the plane of the nail being at right angles to the plane of the paper.

(5) A "plain" print shall be obtained by lightly placing the inked finger flat upon the paper without any turning movement.

5. **Foot-prints.**—Measurements of foot-prints shall be taken in the following manner, namely:—

A tin slab shall be inked with printers' ink by means of a roller. The person to be measured shall be barefooted and shall place each foot in turn first on to the inked slab and then upon a piece of paper kept at a suitable distance.

6. **Height.**—A measurement of height shall be obtained by making the person to be measured stand erect, barefooted, on a measuring standard and recording his actual height.

7. **Dress.**—The dress to be worn by a person, when being photographed, shall be his ordinary every day attire, or in the case of persons impersonating others, the usual attire of the person or class of person impersonated.

8. **Records.**—The records of measurements and photographs shall be preserved as follows:—

(1) during investigation, by the investigating police;

(2) during trial, by the court police;

(3) the rules regarding the safe custody of case diaries shall apply *mutatis mutandis* in both cases (1) and (2); and

(4) after the termination of the investigation or trial, by the Criminal Investigation Department Bureau: the head of the Criminal Investigation Department to be responsible for the safe custody and disposal of the records.

No. 10898L.R.—29th August 1931.—In modification of this department notification No. 9375L.R., dated the 31st July 1931, Babu Chinta Haran Das Gupta, Deputy Collector, is allowed leave on average pay for the period from the 4th May 1931 to the 5th June 1931, under the proviso to rule 81 (*b*) (*ii*) of the Fundamental Rules, in extension of the leave already granted to him in this department notification No. 4480-L.R., dated the 27th March 1931.

No. 10954L.R.—31st August 1931.—In pursuance of the provisions of sub-section (*2*) of section 158A of the Bengal Tenancy Act, 1885 (VIII of 1885), and in supersession of notification No. 4794L.R., dated the 12th March 1929, the Governor in Council is pleased to specify the following terms and conditions on which applications made under the said section may be allowed, namely:—

Terms and conditions.

In these terms and conditions the expression—

(*a*) "The Act" means the Bengal Tenancy Act, 1885, and

(*b*) "landlord" means landlord referred to in section 158A of the Act.

1. One copy of the last finally published record, which will be supplied by the landlord, shall be revised and maintained by Government in such manner as the Local Government may, by rules, from time to time, direct. This copy after revision shall be the maintained record.

2. Only the khatians of tenants (whether rent-paying or rent-free) holding directly under the landlord other than *patnidars*, from whom the rent may be realised under Regulation VIII of 1819, shall be maintained. The records of *utbandi* tenancies shall not be maintained. Once the records have been brought up to date, they will, for the purpose of maintenance, be attested once every three years or at such longer intervals as the Local Government may direct.

3. The entire estimated cost of revision and maintenance during any year shall be payable in advance by the landlord before the 15th September of that year, unless the Local Government allows it to be paid in two or more instalments, in which case the first instalment shall be paid before the aforesaid date and the remaining instalment or instalments by such dates as may be fixed by the Local Government. The balance, if there be any, after the actual cost has been ascertained, shall be payable within one month from the date of demand. If the amount already deposited exceeds the actual cost the balance will be refunded to the landlord or if he so desires will be carried to the account of the next revision.

The Director of Land Records shall in the case of any dispute be the sole judge of the amount of cost to be paid by the landlord.

The landlord shall execute an agreement whereby any sum payable by him under this condition shall be recoverable as a public demand.

4. The maintenance staff shall be independent of the landlord's staff but the latter shall co-operate and give all possible assistance in the maintenance proceedings. They shall also help in securing attendance of tenants during maintenance operations.

5. Simultaneously with the deposit of the estimated cost or part of the estimated cost, as the case may be, the landlord shall furnish for the use of the Maintenance Officer a list containing all available information, regarding changes in tenants, transfers, amalgamations and subdivisions of tenancies, new settlements, arrangements made with tenants for alterations of rent in respect of alterations in area, cases where non-occupancy raiyats have become occupancy or settled raiyats and all other changes affecting khatians to be maintained.

6. Unless the estimated cost or the first instalment of it, if an instalment has been granted, is deposited and the list aforesaid furnished before the 15th September the work will not be started in the year.

7. (*a*) The following procedure is prescribed with reference to transfers made before the 2nd April 1929 by sale, gift or will, of tenancies recorded as raiyati in the original or maintained record. At the first attestation after the discovery of the transfer, the transferee will be recorded as being in possession, but not as a tenant unless he has been duly recognised by the landlord. At the next attestation the transferee will be recorded as a tenant unless legal proceedings to eject him have been instituted. Until the transferee has been recorded as a tenant the Certificate Officer will treat the transferor as liable for the rent, but after the transferee has been recorded as a tenant, he will treat the transferee as liable. These provisions apply only to transfers of whole tenancies.

(*b*) In the case of transfers of specific fields or shares in raiyati holdings made before the 2nd April 1929, the possession of the transferee will be recorded at the first attestation after the discovery of the transfer, but no further steps will be taken either to record the transferee as a joint tenant, or to treat his purchase as a separate tenancy, unless with the express consent in writing of the landlord or his duly authorised agent.

(*c*) Transfer of raiyati holdings at fixed rents or rates of rent, and of occupancy holdings or of specific fields or shares of them made on the 2nd April 1929, or thereafter, will be recorded at attestation on the production of registered documents of transfer and the names of the transferees will be noted in the proper columns.

(*d*) No arrangements will be made by the Maintenance Officer to ascertain increase or decrease of area in order to determine whether there should be an increase or decrease of rent. Only increase or decrease of rent in respect of increase or decrease of area already legally agreed upon will be recorded by the Maintenance Officer.

8. The landlord's staff is expected to collect the bulk of the rents. The Certificate Officer shall, when in doubt as to whether a certificate should be issued, refer the case to the Collector who may, on recording his reasons, refuse to issue a certificate in individual cases. As a safeguard against too much use of the

certificate procedure, Government may also, without assigning any reason, refuse to issue certificates in the case of particular classes of requisitions or requisitions generally.

9. Before proceeding to issue a certificate against any tenant, the Certificate Officer shall issue a post-card notice in the form in Schedule A annexed hereto. The notice shall be printed by the estate and made over to the Certificate Officer with all particulars of the demand up to date filled up and addressed to the chief co-sharer recorded in column 13 of the khatian. The Certificate Officer shall not issue a certificate against any tenant in whose case he is not satisfied from a register he will keep for these purposes showing the names and addresses, that this procedure has been followed. It will be the duty of the Certificate Officer to refuse to decree costs against the certificate-debtor in cases in which he is satisfied that the rent is in arrears because it was not demanded.

10. The requisition for certificates shall ordinarily be filed within the first three months of the agricultural year and shall include all the arrears claimed up to the end of the previous agricultural year which are not barred by limitation, provided that the requisitions filed at other times shall not be refused if the amount is about to be barred by limitation. Not more than one certificate shall be filed in respect of one tenancy within one agricultural year.

11. Only the rent entered in the maintained copy of the record of rights as legally payable can be recovered by the certificate procedure.

12. Only the persons who are recorded in the maintenance record as tenants will be accepted as certificate-debtors.

13. Only the cess legally recoverable under the Cess Act read with section 74 (2) of the Act shall be entered in the maintenance record and recovered by the certificate procedure.

14. Damages under section 68 of the Act shall not be included in certificates for arrears of rent.

15. Interest on arrears of rent at a higher rate than provided for in section 67 of the Act shall not be allowed.

16. The Collector or any other officer deputed by him for the purpose shall have power to inspect the accounts of collection and arrears maintained by the landlord and failure to produce them will entail the withdrawal of the certificate procedure.

17. The certificate procedure shall not be granted or shall be withdrawn if there are exceptional circumstances affecting the relationship of landlord and tenant which render it inadvisable to apply the certificate procedure or if the estate is not managed with due regard to the legal rights of the tenants, and in particular in the following matters:—

(a) no *abwab* or other illegal exaction under any denomination shall be realised by the landlord,

(b) the landlord shall not demand interest on arrears of rent at a higher rate than that provided for in section 67 of the Act,

(c) the landlord shall keep a full and correct account of all amounts paid by tenants,

(d) receipts shall be forthwith granted for any amount paid by the tenant,

(e) the Collector shall be satisfied that all arrears barred by limitation are properly dealt with.

Resolution on the Report on the Administration of the Jail Department of the Presidency of Bengal, for the year 1930.

GOVERNMENT OF BENGAL.

Political Department.

Jails.

CALCUTTA, THE 25TH AUGUST 1931.

RESOLUTION—No. 3054 P.J.

Read—

The Report on the Administration of the Jail Department of the Presidency of Bengal for the year 1930.

Read also—

The Reports for the years 1928 and 1929 and resolutions of Government thereon.

1. The most noticeable feature of the year was an abnormal rise in the number of prisoners confined in jails in Bengal, due almost entirely to the admission of persons convicted of offences committed in connection with the Civil Disobedience Movement. At the commencement of the year the total registered accommodation for convicts was 12,698 and that for under-trials 1,080, a total of 13,778. By the month of August, however, the number of convicts had risen to 15,363 and of under-trial prisoners to 2,691. In September, the figures were 16,839 and 2,497, respectively, and in October they rose to 17,267 and 2,576, the total number increased to over 20,000 before any substantial decline began. An extension of jail population by 50 per cent. in the course of a few months had to be dealt with by a department which had for some time past been working to capacity both as regards accommodation and staff, and some idea of the increase in ordinary routine work may be had from the fact that admissions rose from 77,981 to 124,072.

2. The difficulties of adjusting the accommodation available were increased by two factors. The first was the abnormal number of under-trial prisoners, for whereas convicted prisoners can be transferred to special or temporary jails to relieve overcrowding, under-trial prisoners have to remain in that jail most convenient for their production before the Court. In the second place, the introduction of superior divisions in the classification system accorded privileges to a considerable number of convicts which practically doubled the space occupied by each prisoner so classified, and introduced fresh complications in the segregation of different classes of prisoners and the provision of suitable accommodation for the superior classes.

3. In the circumstances, the department was forced to undertake an extensive and costly programme to provide additional accommodation. This was done by utilising existing jail buildings to the fullest possible extent and by the adaptation of suitable buildings which were converted into special jails at Dum Dum, Berhampore and Hijli. The necessary staff had also to be found, and very largely improvised as need arose, as the department had no reserves of any kind for the purpose. In spite of these difficulties the problem was resolutely tackled and the original registered accommodation of 13,778 was increased to 15,130 in August, to 16,173 in September, to 18,051 in October and at the commencement of the year 1931, further additional accommodation for 2,000 with room for expansion to 4,000 had been completed, with the result that in spite of a continued and steady rise in the jail population overcrowding showed a progressive decline from the month of August onwards.

4. Under these abnormal conditions less satisfactory figures regarding the physical well-being of prisoners might have been expected, but whereas in the previous year the Governor in Council had occasion to notice with approbation the decrease in the death-rate per mille which for the year 1929 reached the low figure of 12·2, yet in the year under review, not only has this récord been maintained, but a further substantial drop has been secured to the lowest figure ever recorded in this province, namely, 9·3 per mille.

5. As a result of the increase of population the department had to incur an expenditure of over Rs. 7½ lakhs in excess of the expenditure of the previous year for guarding and maintaining prisoners, while it is estimated that special diet, clothing and bedding of prisoners in the superior divisions cost over Rs. 3½ lakhs, and sums amounting to over Rs. 3½ lakhs were incurred in providing additional accommodation and for the conversion of buildings.

6. In so abnormal a year comments on criminal statistics from the jails, and on such subjects as long detention of under-trial prisoners, short sentences, and the treatment of young offenders, must be made with due regard to the peculiar conditions and the abnormal amount of work with which the police and the Courts had to contend. Two very undesirable features, however, from the point of view of this department still appear with distressing prominence, namely, the very large number of young persons sent to jail, and the unduly long detention of prisoners awaiting trial. These features have on numerous previous occasions been commented upon in these resolutions and must once more be brought to the notice of the Judicial Department.

7. It is unfortunately almost impossible to effect any steady and progressive improvement in the contribution to the reduction of crime, which our jails as part of the anti-criminal system ought to make, so long as the department is subjected to recurring floods of prisoners of a class with which it is neither designed to deal nor organised to receive. The abnormal expenditure arising out of the Civil Disobedience Movement coupled with other factors making for financial stringency, must, it is feared, cause still further postponement of schemes for the proper training of prison officials and warders, improvements in design and accommodation, and attempts to provide educational facilities to suitable classes of prisoners, which form the foundations of progress, and for which the Inspector-General with the support of the department has pressed for so long.

8. There are, however, at least two points which may be regarded with interest by students of penology in Bengal. The one is the very encouraging progress made by the Borstal Institution at Bankura for which the credit must be given, firstly, to the late Colonel N. S. Simpson, I.M.S., to whose constant and expert supervision the Institution owes so much, and, secondly, to the Superintendent and his staff ably supported by a Managing Committee who have taken a natural and gratifying interest in the development of this truly constructive work. The other is, perhaps, the amendment of the rules making better provision for the moral instruction of prisoners in jails. The scheme is admittedly tentative and experimental in its present form and is dependent for its success and future expansion on suitable workers presenting themselves for the duties. If sincere and earnest workers are forthcoming it is hoped that the scheme will be found to exert a beneficial influence in our jails.

9. The work of the manufactory departments likewise suffered from the general disorganisation of jail routine. It is unfortunate that the Indian Stores Department has been unable to furnish the department with orders, while outside orders generally have been affected by the political situation and trade depression. Excellent work was, however, done in supplying the large amounts of extra clothing equipment and furniture required by the department in dealing with the abnormal excess population.

10. From the commencement of the Civil Disobedience Movement early in the year a section of the Press published a stream of false information regarding the treatment of prisoners in the jails of the province. Articles, however, of an instructed character containing constructive comment on the work of the jails as part of an anti-criminal system remained conspicuous by their absence, and the interest of the general public in what is commonly called "the ordinary convict" appears to remain at an extremely low level.

The campaign of malicious calumny directed against the department and its officers had its logical sequel in the assassination of the late Colonel N. S. Simpson, I.M.S., Inspector-General of Prisons, Bengal, by three heavily armed revolutionists, who, entering his room together, shot him as he sat at his desk. In Colonel Simpson's death the department lost the services of a devoted and eminently humane officer who had added to his qualifications in the medical profession a profound study of the problems of penology presented by the jails of Bengal. Had he lived there can be very little doubt that despite financial and other difficulties he would have left a very definite mark on the work of the department by the development, adaptation, and application to its needs of up-to-date and enlightened methods. Colonel Simpson was born in India and had devoted his energies and undoubted talents from youth up to the relief of the suffering and the healing of the sick, in body and in soul, of the country

which gave him birth and in whose service he was finally to lay down his life. As his successor rightly remarks the crime was viewed with indignation and horror by civilised communities in India and the world at large. To a section of Hindu opinion in Bengal has been left the distinction of expressing greater admiration and sympathy for the murderers than for the able and faithful public servant whom they destroyed.

The Superintendents and their staffs were subjected to a continuous and heavy strain throughout the year and were called upon in exceptional degree to exhibit the qualities of patience and of tact. The Governor in Council has, therefore, read with the greater pleasure the names of those officers of whom the Inspector-General has found it possible to make special mention in his report.

Order.—Ordered that a copy of this resolution be forwarded to the Inspector-General of Prisons, Bengal, for information and guidance.

Ordered that a copy of this resolution and a copy of the report be submitted to the Government of India in the Home Department.

Ordered also that the resolution be published in the *Calcutta Gazette*.

FINAL FORECAST OF THE JUTE CROP, 1931.

Consolidated statement for Bengal, Bihar and Orissa and Assam.

Area.—The revised estimated area for the three provinces is **1,858,100 acres**, a decrease of **1,634,200** acres as compared with the revised final forecast for 1930. The decrease as compared with the acreage in the Preliminary Forecast for 1931 is due to reduction after revision in the Bengal and Assam estimates.

Yield.—It is estimated that this crop will yield 5,559,900 bales of jute, reducing last year's total (revised) by 5,694,900 bales.

The consolidated returns are as follows:—

Province.	Area in acres.			Yield in bales.		
	1930.	1931.	Difference.	1930.	1931.	Difference.

DEPARTMENT OF AGRICULTURE, BENGAL.

Final Forecast of the Jute Crop of Bengal, 1931.

[**NOTE.—*On an average of the five years ending 1929-30, the area under jute in Bengal, to which this forecast relates, represents some 88·3 per cent. of the total area under jute in British India.***]

Season.—Sowings were carried out in favourable circumstances generally. Afterwards excessive rain in May did damage in Netrakona and Kishoreganj subdivisions of Mymensingh. Elsewhere conditions remained suitable and the crop made good progress. In the end of July the Brahmaputra came down in record flood and did some damage in riparian areas. Little serious outright loss appears to have taken place, except in the *bhil* tract in Pabna; but some damage also took place in Bogra, and to a smaller extent in Faridpur, Dacca and Mymensingh.

The river has now receded to normal.

Condition of the crop.—Except in the tracts mentioned. the crop is well grown. Owing to rise and fall of water in the flood areas, increased root and poor quality may result.

Area of the crop.—The area under jute is 1,613,700 acres as compared with 3,062,300 acres in 1930.

Outturn.—As in previous years, the percentage figures are calculated on the basis of divisional normals which remain as follows:—

	Bales per acre.
Dacca and Chittagong Divisions ...	3·7
Rajshahi Division ...	3·5
Presidency and Burdwan Divisions ...	3·2

The total outturn of the crop is estimated at 5,002,700 bales as compared with 9,966,000 bales last year.

DEPARTMENT OF AGRICULTURE, BIHAR AND ORISSA.

Final Forecast of the Jute Crop of Bihar and Orissa, 1931.

[NOTE.—On an average of the five years ending 1929-30, the area under jute, to which the Bihar and Orissa forecast relates, represents about 7·6 per cent. of the total area under jute in British India.]

Acreage.—The final district returns of the eight jute growing districts of the province show an area under jute of 147,500 acres. But these estimates have proved to be very low, and I have no reason to alter the estimate made in the preliminary forecast, viz., 148,800 acres. Last year's estimate of the area under the crop was 238,000 acres.

Weather conditions.—In March light showers fell in the jute districts. The fall was above the normal in Champaran, Darbhanga, Bhagalpur, the Santal Parganas, Balasore, normal in Purnea, and below the normal in the remaining two jute districts. In April and May light rain fell in all the jute districts. The fall was below the normal everywhere. In June rain fell in all the jute districts. The fall was below the normal everywhere. In July rain fell in all the districts. The fall was above the normal in Champaran, Muzaffarpur, Darbhanga, Bhagalpur, Purnea and the Santal Parganas, and below the normal in the remaining two jute districts. In August rain fell in all the districts; the fall during the first fortnight was light to moderate, but during the later period it was heavy in Cuttack and Balasore and light to moderate elsewhere. The weather conditions are reported to have not been favourable in the most important jute district of Purnea and also in Balasore, Darbhanga and the Santal Parganas and fair in the remaining jute districts.

Outturn.—In the important jute districts of Purnea and Cuttack the outturn of the crop has been estimated at 50 and 82 per cent. of the normal respectively. Champaran reports a normal crop, i.e., 100 per cent., Muzaffarpur, Darbhanga, Bhagalpur, the Santal Parganas and Balasore report 75, 68, 60, 65 and 60 per cent., respectively.

On the basis of the area and percentage outturn reported by the District Officers the average condition of this year's crop for the province comes to 55 per cent. against 58 per cent. last year. But in my opinion, this is an underestimate, and the condition factor will not be less than 69 per cent. of the normal. Recent enquiries about the normal outturn per acre show that the normal outturn per acre is 3⅓ bales, and on this basis the gross outturn on 148,800 acres estimated to be under jute in this province comes to 342,200 bales against 620,000 bales last year. The import of jute from Nepal estimated at 25,000 bales brings the total of the province to 367,200 bales.

The prospect of the crop is fair in Samastipur and Madhubani subdivisions. The decrease in area shown in column 7 as compared with that of the first forecast is due to the fact that the entire area (909) acres under jute cultivation in Sadar subdivision has been damaged by floods.
Bhagalpur ..	Bhagalpur ..	2,661,120	1,684,100	2,600	4,305	2,075	81	60	11,623	3,735	August (normal) ..	The decrease in area sown is due to fall in prices of jute.

The sowing was late at places for want of timely rainfall while at others it was normal where the crop was sown in low lands. The decrease in area under the crop is due to slump in jute and want of timely rains. The recent rains benefited the crop and consequently the outturn is expected to be the same as last year. The harvesting, steeping and washing of jute are in progress.

DEPARTMENT OF AGRICULTURE, ASSAM.

Final Forecast of Jute Crop of Assam, 1931.

[NOTE.—On the average of the five years ending 1929-30, the area under jute in Assam represents 5·0 per cent. of the total area under jute in British India.]

Season.—As already stated in the preliminary forecast, the weather in the beginning of the season was generally unfavourable for the cultivation and growth of the crop. The conditions somewhat improved later on, but on the whole the general effect of the season has been unfavourable to the crop. Some damage by flood has been reported from the Assam Valley districts, while in Sylhet incessant rain after sowing caused considerable areas of the crop to be abandoned.

2. **Area.**—As estimated by the Deputy Commissioners, the area under jute is 95,600 acres compared with last year's actual of 192,000 acres, and this year's preliminary forecast of 100,500 acres. Area reported in the preliminary forecast has been revised in four districts.

3. **Outturn.**—The outturn has been estimated to be 57 per cent. of the normal per acre, against 72 per cent. (revised) of last year. Taking 3·5 bales of 400 lbs. each of jute fibre as the normal yield per acre, the total produce of the crop in this province this year comes to 189,900 bales against 618,800 bales (revised) of last year, or a decrease of 69 per cent.

achar ..	300	200	200	65	60	500	400	Middle of August. Normal.	The weather was not favourable in the beginning of the season owing to incessant rainfall but it improved later. Insects also caused some damage to the crop.
ylhet ..	20,000	19,800	5,000	54	38	37,400	6,600	July. Normal ..	The large decrease in area is due to the abnormally low price of jute last year. The area reported in the preliminary forecast has been greatly reduced, much of the area sown having been subsequently abandoned owing to unfavourable weather which is also responsible for the low estimated outturn.
oalpara ..	60,000	(a) 63,300	35,800	100	45	221,500	55,600	End of July. Late	The decrease in area is due partly to unfavourable weather and partly to the low price of jute. The weather on the whole has been unfavourable for the crop which has also been damaged by floods in low-lying areas. Hailstorms also caused some damage.
amrup ..	15,000	27,100	15,000	90	54	85,400	28,300	First week of August. Normal.	Unfavourable weather at the sowing time and the unusually low price of jute account for the decrease in area. The weather was generally unfavourable throughout the season for the cultivation and growth of the crop. Floods also did some damage.
arrang ..	12,000	18,600	13,700	95	75	61,900	36,000	July. Early ..	The low price of jute and unfavourable weather in the beginning of the season are responsible for the decrease in area. The weather from June to middle of July was favourable but heavy rains and the flood in the latter part of July caused some damage to the crop in low-lying areas.
owgong ..	40,000	56,600	20,400	95	65	188,200	46,400	Beginning of July. Early.	The decrease in area is due to the extremely low price of jute. EDUCATION DEPARTMENT.

DARJEELING, THE 13TH SEPTEMBER 1931.

RESOLUTION—No. 845T.EDN.

Minister-in-charge: The Hon'ble Mr. K. Nazim-ud-Din, C.I.E.

The Government of Bengal (Ministry of Education) have received information of participation by certain students of Government institutions in demonstrations in connection with convictions in murder cases and consider it necessary to issue the following warning for the information of parents and guardians of students reading in Government colleges, schools, madrasahs and other Government institutions controlled by the Education Department.

Government wish it to be clearly understood that in future they are unwilling to retain in any Government institution a student who, by absenting himself from classes or by any action during class hours, associates himself with demonstrations in connection with decisions of criminal courts. All students who do so will be given transfer certificates and required to leave the institution forthwith; if they have absented themselves they will not be re-admitted. Only in exceptional cases are heads of institutions allowed discretion to re-admit defaulters under suitable conditions, but Government expect that this discretion will be firmly used and require that every case in which it may be exercised should be reported to the Director of Public Instruction, Bengal, immediately.

ORDER—Ordered that a copy of the Resolution be published in the *Calcutta Gazette*.

Ordered also that a copy of the Resolution be forwarded to the Director of Public Instruction, Bengal, for information and circulation to heads of institutions.

By order of the Government of Bengal
(Ministry of Education),

A. J. DASH,
Secy. to the Govt. of Bengal.
